

If you plan to follow the demo “hands on” you will need to install the demo software, which can be obtained online. Or you can wait until the day of the demo to have them installed prior to the demo. We also recommend that you also download the “Training Demo Image”.

### **Instructions to downloading demo software.**

1. Create on your desktop a folder titled “AD\_DEMO”  
This will be the folder that you will download the files to.
2. Go online to:

#### **PRODUCT SUPPORT**

##### ***Forensic Software Downloads***

<http://www.accessdata.com/support/downloads/>

3. And download the following:
  - a. **Forensic Toolkit®(FTK™)** version 1.62.1
  - b. **Registry Viewer™ (RV)** version 1.4a
  - c. **FTK Imager** version 2.5.1  
(full version with language support - installation required)
4. After you’ve downloaded the above programs, go to:  
  
<http://www.accessdata.com/training/demo%5Fimage/>
5. And click on “Request Demo Image”, which will open an e-mail screen.
6. Send the e-mail with some contact information; name, agency –organization, etc.
7. You will then receive and e-mail with the file image that would be used for the demo.
